How To Play

Print the game mats (one for each player)

Print the picture cards and the letter cards on heavy card stock. You can print the backs too, with the optional 'reverse' patterns to make it harder to see through each card.

Laminate for durability. Cut the cards apart.

SET UP:

PLAY:

Each player gets a mat.

All picture cards are placed face down in the play area and all letter cards are placed face up.

Each player takes a turn choosing a picture card. The picture card is placed in the top-most square.

Then, each player takes turns picking out the letters that spell the picture word they chose.

Memory Style:

All letters are placed face down in a grid pattern. On their turn, each player has the chance to turn over one card. If it is a letter they need for their word, they get to keep it and put it on their game mat. If it is NOT a letter they need for their word, they must flip it back over and the turn passes to the next player.
