Consider Our Companion Resource

Daily Skill Building: Spelling

[*Daily Skill Building: Spelling*](#) is a companion to *Daily Skill Building: Vocabulary*.

Using *Spelling* and *Vocabulary* together provides a complete, well-rounded word-usage curriculum. Your student will learn how to spell the vocabulary words AND their corresponding antonyms and synonyms.

Introduction

Daily Skill Building: Vocabulary is a complete, 36-week vocabulary curriculum for students grades 1-7. This simple, straight-forward approach to vocabulary building is **easy to use** and **encourages independent study**.

With busy homeschooling moms in mind, this curriculum was created as an “open-and-go” resource (without the need for a teacher’s guide.)

The 36-week format is designed to be flexible—meaning you can assign more than one word a day if you wish to complete it sooner.

Each week presents four new words (one per day) with a weekly review on day five. Your students will be asked to define the new word using a dictionary, use it in a sentence, and list synonyms and antonyms.

Every 4th week includes an additional review using the most recent 16 words studied plus a short writing assignment.

For your convenience, a glossary of words by week and order studied is included. Students may use either the glossary or a dictionary for their daily assignments.

Ideas for Vocabulary Review:

- Study the glossary to enhance retention.
- Incorporate copywork and dictation.
- Give quizzes and tests using the glossary.
- Ask students to complete writing assignments using words from each week’s lesson.

NOTE: Dictionaries often present multiple definitions of words. The glossary in this book presents one single definition appropriate for this learning level.
