

Planting a Garden

When you plant a garden, there are many things you need to help you get started. Cut out the pictures from the bottom of the page that show things you could use when you plant a garden. Paste them into the boxes at the top of the page.

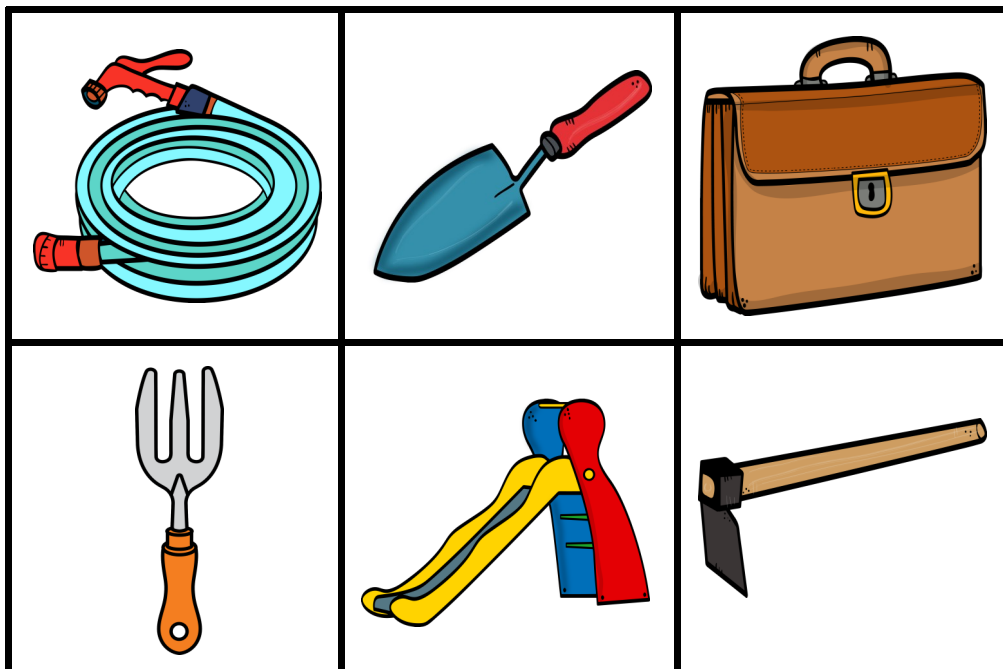

Plants in Pretty Pots

Sometimes, instead of planting plants in a garden, people have their plants in pretty pots. That way, they can have the plants on the porch, on a windowsill, or wherever they want them. Cut out the pictures from the bottom of the page that show plants or pots you could put plants in. Paste them into the boxes at the top of the page.

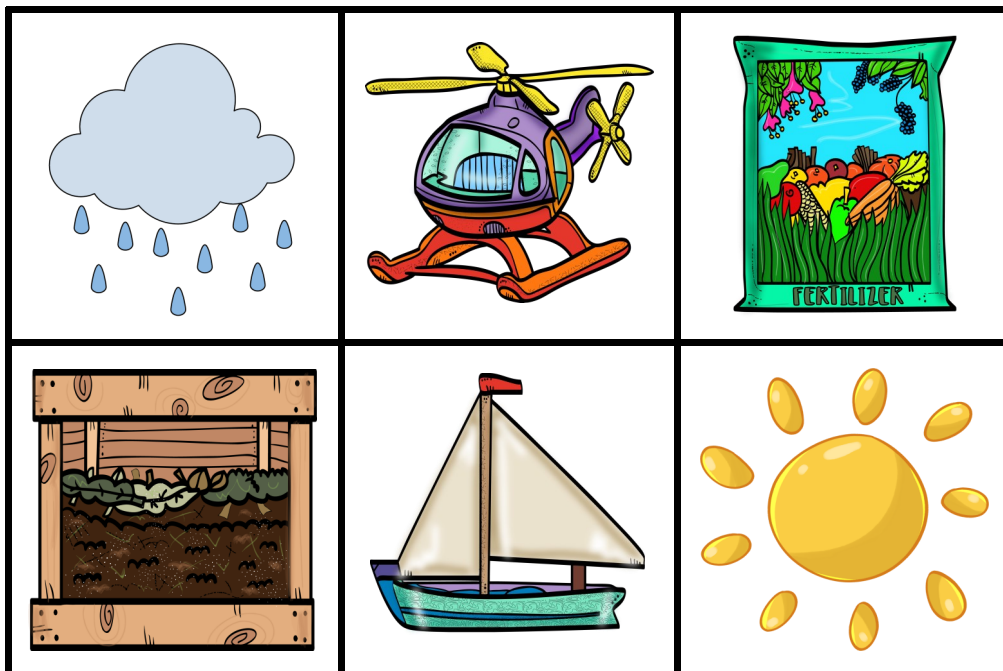

Caring for Plants

There are many things you need to take care of your plants as they start to grow. Cut out the pictures from the bottom of the page that show some of the things you need to take care of plants. Paste them into the boxes at the top of the page.

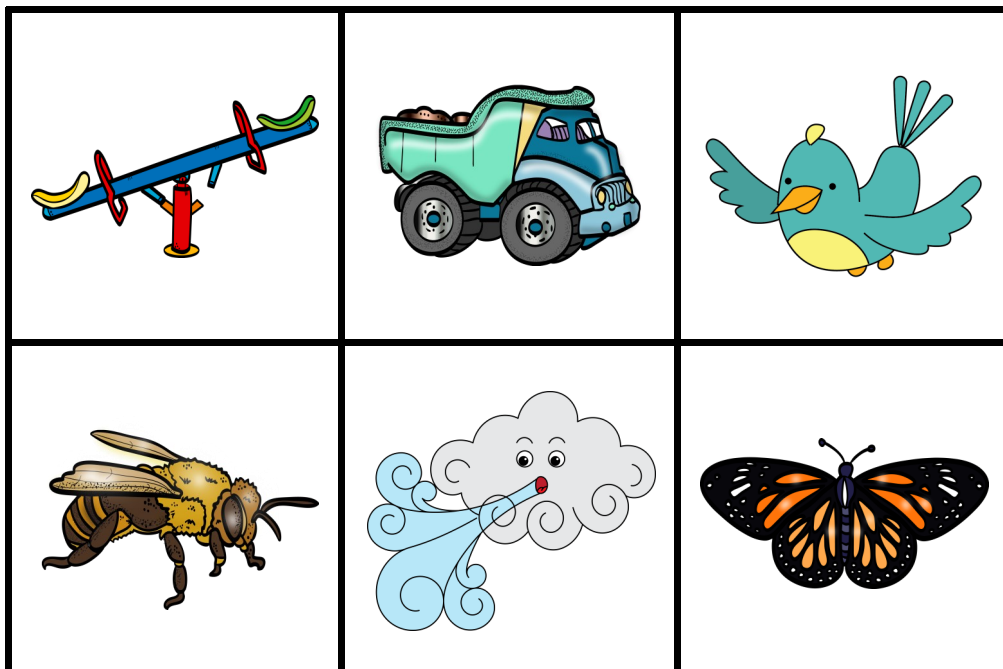

Things Plants Need

Plants need many things to grow healthy. There are things you can use like fertilizer and compost to make the garden better for plants. There are also things plants get from nature. Cut out the pictures from the bottom of the page that show some of the things plants need to grow healthy. Paste them into the boxes at the top of the page.

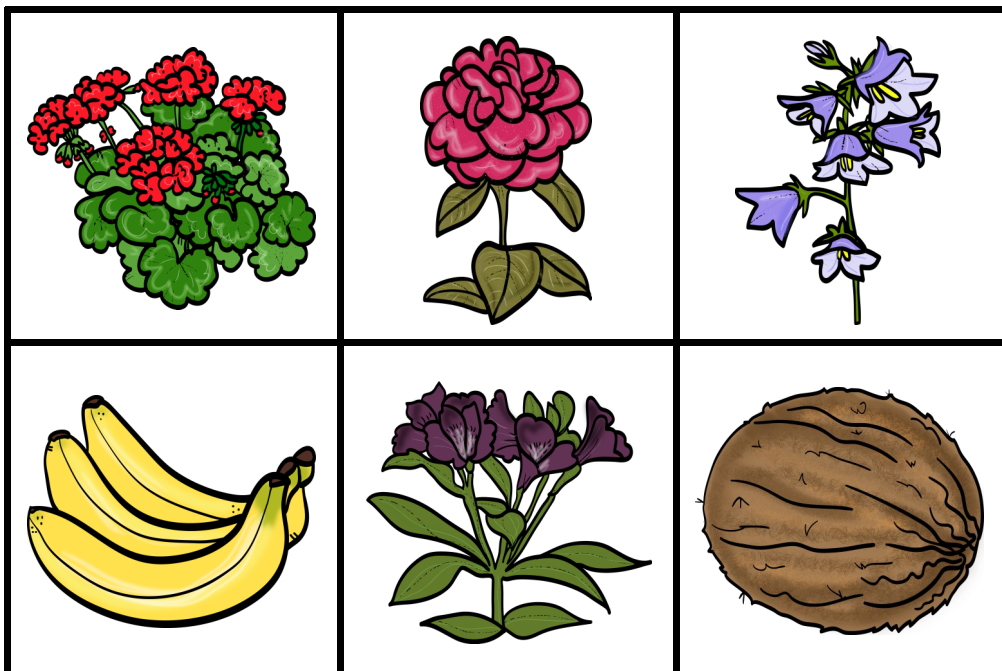

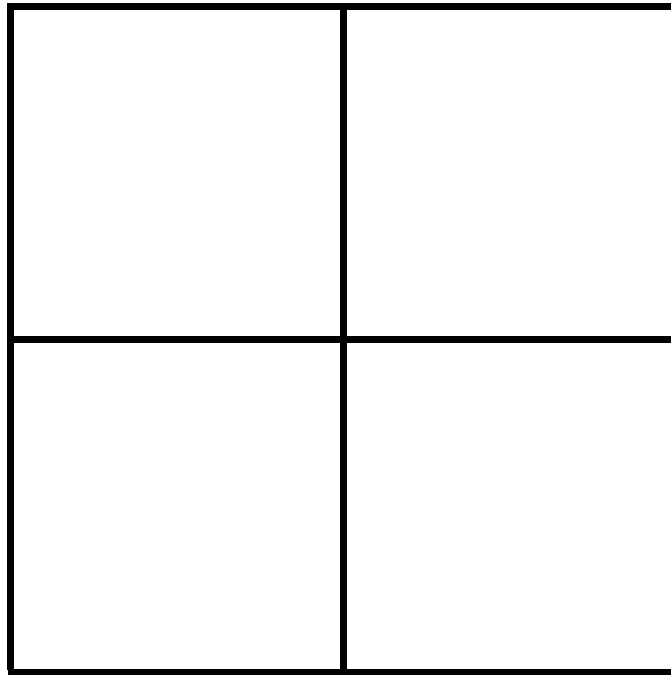

Pollination

Plants need help spreading the pollen they use to make seeds for new plants. Cut out the pictures from the bottom of the page that show things that help pollen spread. Paste them into the boxes at the top of the page.

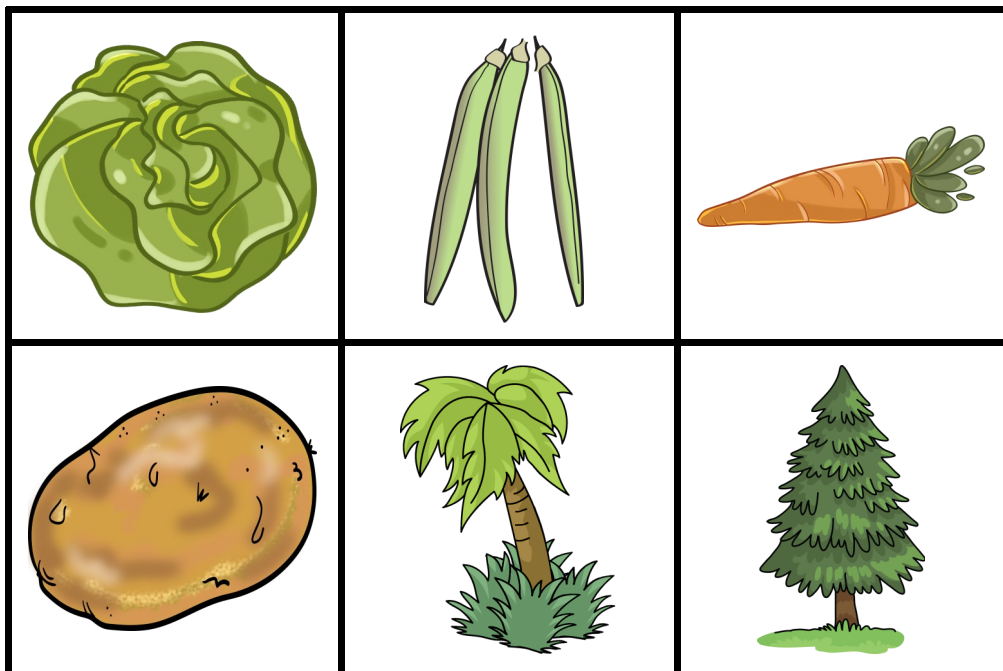

Growing in the Garden

There are so many things you can grow in the garden. Some people like to grow flowers in their garden. Cut out the pictures from the bottom of the page that show flowers you can grow. Paste them into the boxes at the top of the page.

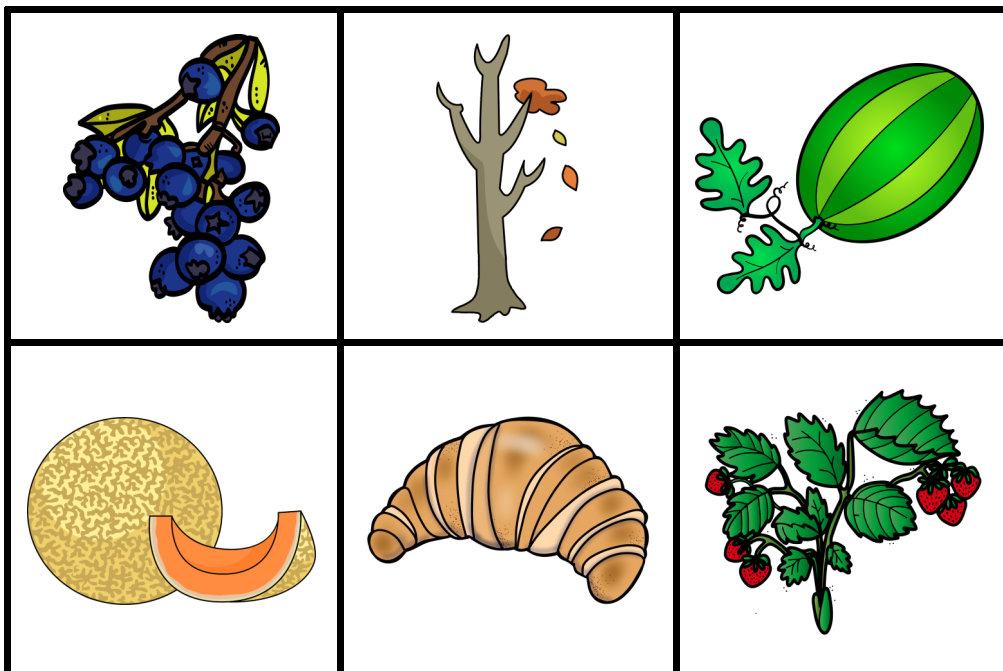

More to Grow in the Garden

Lots of people grow vegetables in their gardens. The vegetables give them good fresh food to eat. Cut out the pictures from the bottom of the page that show vegetables you can grow. Paste them into the boxes at the top of the page.

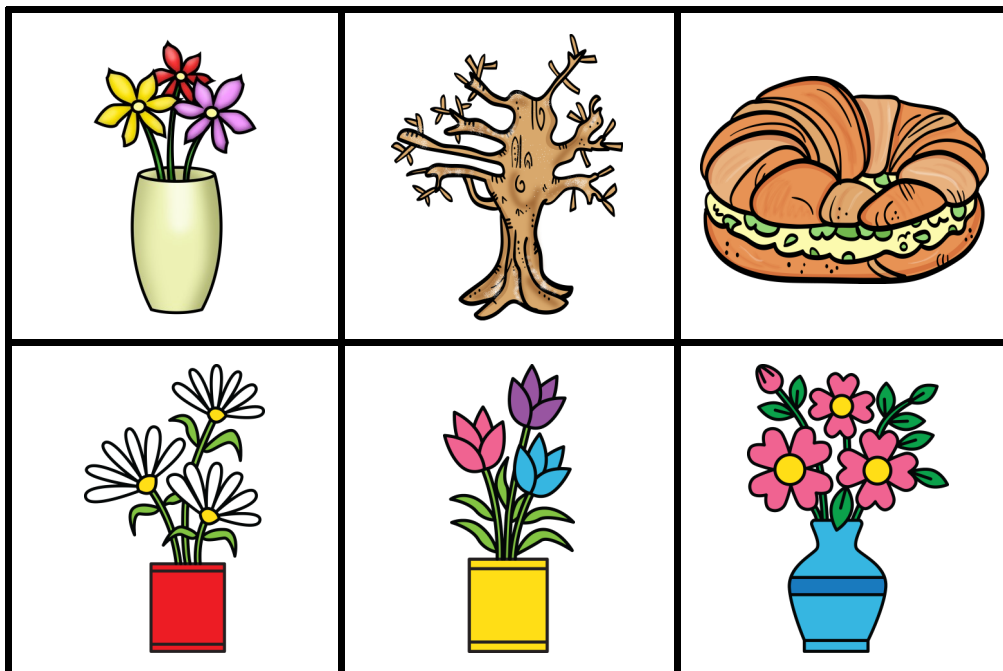

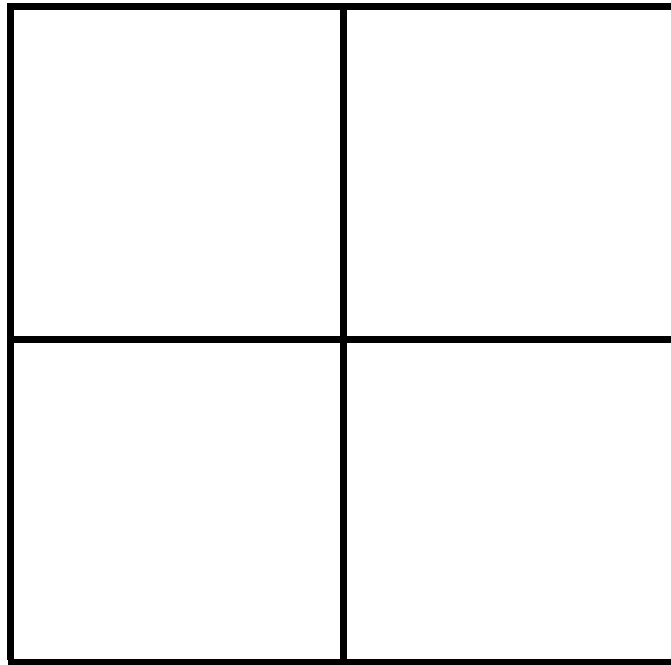

Even More to Grow in the Garden

People can also grow fruit in their gardens. The fruit gives them lots of juicy fresh food to eat. Cut out the pictures from the bottom of the page that show fruit you can grow. Paste them into the boxes at the top of the page.

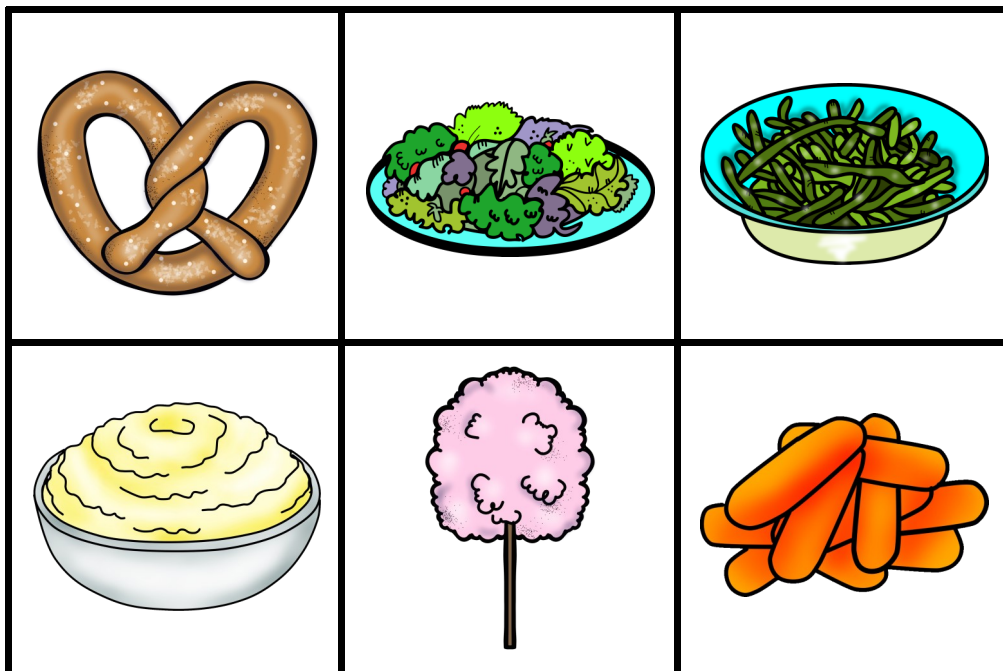

Using What You Grow—Flowers

If you grow flowers in your garden, you may be able to pick some to put in your house. Cut out the pictures from the bottom of the page that show pretty vases of flowers. Paste them into the boxes at the top of the page.

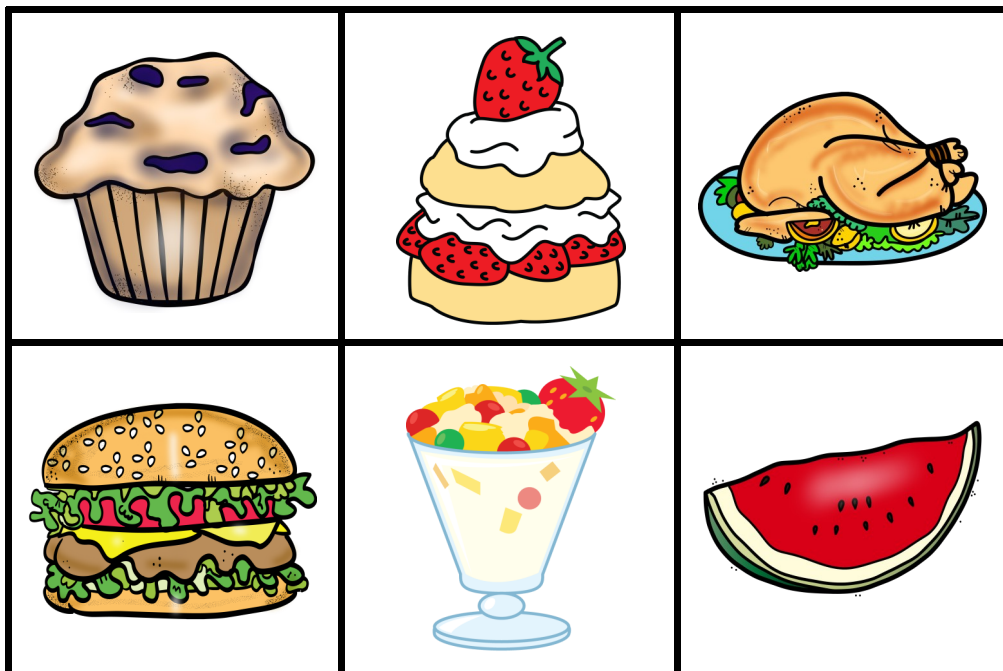

Using What You Grow—Vegetables

If you grow vegetables in your garden, you may be able to use them when you make something delicious to eat. Cut out the pictures from the bottom of the page that show good ways to eat vegetables. Paste them into the boxes at the top of the page.

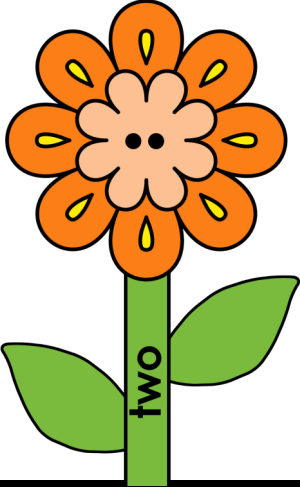

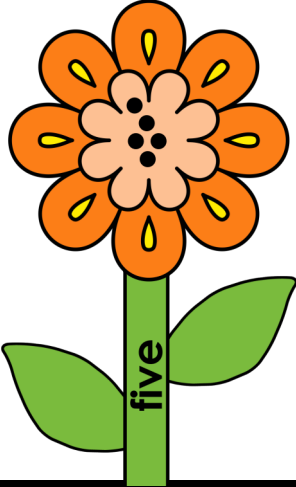

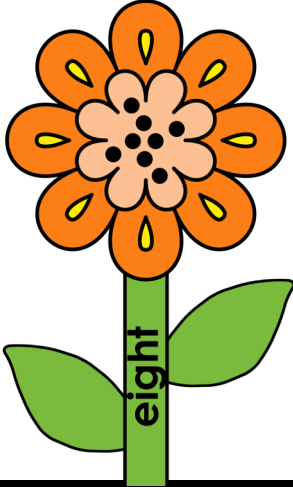

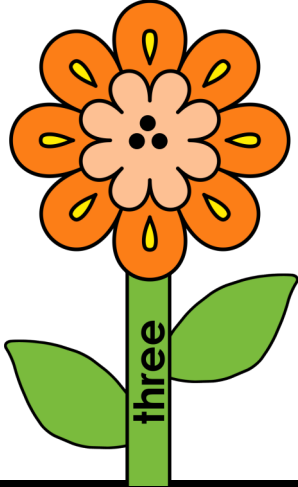

Using What You Grow—Fruits
