

A Garden Activity for Kids

Grow Green Onions from Seeds!

You can grow green onions in the garden OR in a bucket filled with soil. Be sure to pick a sunny spot!

1. Sprinkle seeds on top of soil, cover lightly with a little more soil.

2. Water your onion bucket every 2-3 days. Keep it moist, not soggy.

Day 1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
16	17	18	19	20	21	22	23	24	25	26	27	28	29	30

See what happens!

3. Which day did you first see greens sprouting on top of your onion?

Day:

4. Which day did you notice the greens getting really long on top of your onion?

Day:

5. Write your short observation here about the planting and growing of green onions.
