

PIRATE ADVENTURE CHOICE BOARD

Choose 3–5 activities from the board to complete. You can go in a row, column, or mix and match—just like hunting for treasure!

Wanted Poster

Research a real pirate like Blackbeard, Anne Bonny, or Stede Bonnet. Create a Wanted Poster with their picture and a list of what they were wanted for.

Geography Map

Map the routes of famous pirates and naval ships. Add labels for the Caribbean, West Indies, and coastal North Carolina.

Build A Ship

Design and test a model pirate ship using recycled materials. See if it floats when it carries “treasure.”

Dear Diary

Write a diary entry from the perspective of a young sailor or cabin boy on a pirate ship.

Talk Like a Pirate

Research pirate words and phrases, then talk like a pirate with others in honor of *Talk Like a Pirate Day*. Record yourself and share your best pirate performance with family or friends.

Music or Drama

Listen to songs from *Pirates of Penzance* or *Muppet Treasure Island*. Write your own short pirate chant or act out a musical scene.

Science

Investigate scurvy, disease, and hygiene on pirate ships. Use your findings to design a “healthy pirate life” plan—what would a pirate eat or do to stay healthy at sea?

Art

Draw a treasure map with landmarks, traps, and hidden symbols. Exchange maps with a sibling or friend for a treasure hunt.

Invent a Pirate

Invent your own pirate character—give them a name, flag, ship, and backstory. Share in a story, comic strip, or skit.
